

In Italian **Corposo** means full-bodied and this blend of Primitivo and Sangiovese is exactly that. Indulge in this harmonious blend of southern Italy's two most iconic varietals. With each sip you will be transported to the sunny rolling hills of Italy. This unique blend highlights the best of both grapes. The fruit forward characteristics of the Sangiovese intertwine seamlessly with the vibrant acidity and velvety tannins of the Primitivo.

In the glass expect aromas of juicy cherries, preserved plum jam and delicate notes of vanilla. On the palate you'll be met with bold flavours of blackberry, cherry and raspberry all balanced by faint notes of licorice and dried herbs. A well-balanced and full bodied wine with plush tannins and a lingering finish that leaves a long lasting impression.
